The way of the
exploding fist

THE WAY OF THE EXPLODING FIST

"Melbourne House's karate simulation explodes on to the Amstrad. This is a great arcade scoring game as well as wonderful family entertainment. The graphics are excellent. The sprites are wonderfully defined and the movement of both characters is very realistic." – Amtix

"The Way of the Exploding Fist is beyond criticism – technically brilliant and visually absorbing." – Popular Computing Weekly

FIGHTING WARRIOR

As Fighting Warrior, you must use all your powers of combat and fighting expertise to rescue the beautiful princess, armed with nothing more than a sword!

"Animation of stunning smoothness and detail. The fight sequences are beautifully animated." – Your Computer

"The graphics are big, bold and superbly animated. Fighting Warrior is action packed with surprises." – C&VG

Instructions in English, Francais, Deutsch.
